

Exercise 3

- Create New Mock

The screenshot shows the Mocky web application interface for creating a new mock. The browser address bar shows 'designer.mocky.io/design'. The interface is divided into several sections:

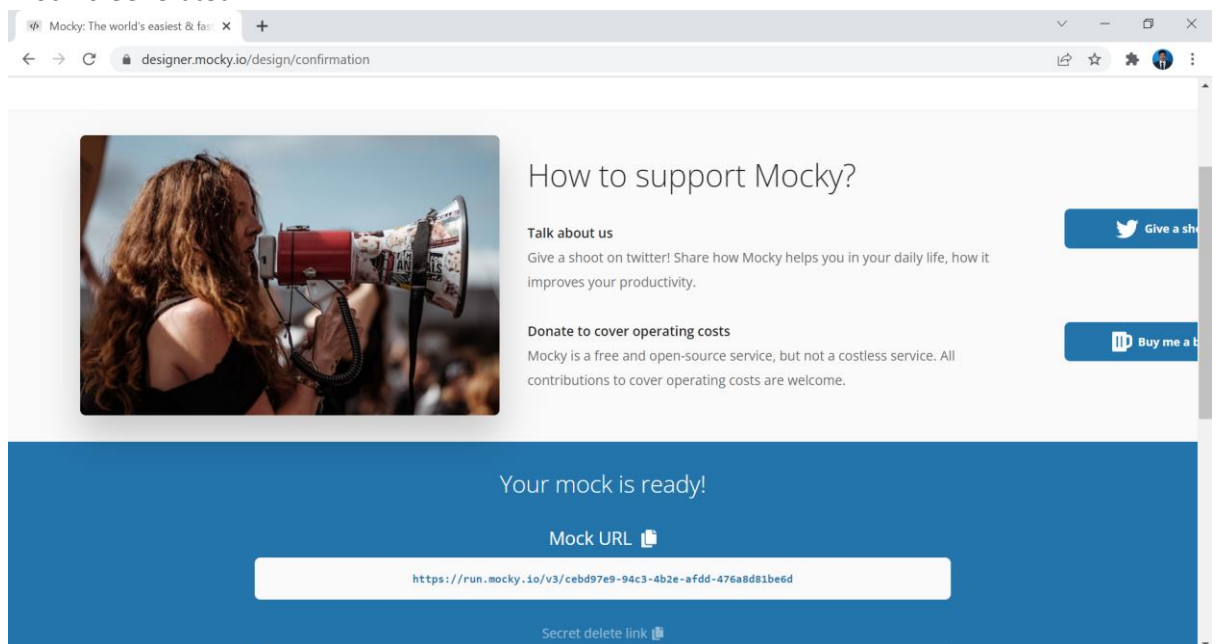

- HTTP Status** (REQUIRED): A dropdown menu set to '200 - OK'. Below it, a note says 'The HTTP Code of the HTTP response you'll receive.'
- Response Content Type** (REQUIRED): A dropdown menu set to 'application/json'. Below it, a note says 'The Content-Type header that will be sent with the response.'
- Charset** (REQUIRED): A dropdown menu set to 'UTF-8'. Below it, a note says 'The Charset used to encode/decode your payload.'
- HTTP Headers** (OPTIONAL): A text area containing a JSON object:

```
{  "X-Foo-Bar": "Hello World"}
```

. Below it, a note says 'Customize the HTTP headers sent in the response. Define the headers as a JSON object.'
- HTTP Response Body** (OPTIONAL): A text area containing a JSON object:

```
{  "url": "http://www.mocky.io/v2/5e4e6fc42f00801f2016a761",  "data": {    "company_id": 11  },  "message": "Resource has been created",  "code": "STATUS_CREATED",}
```

- Mock is Generated

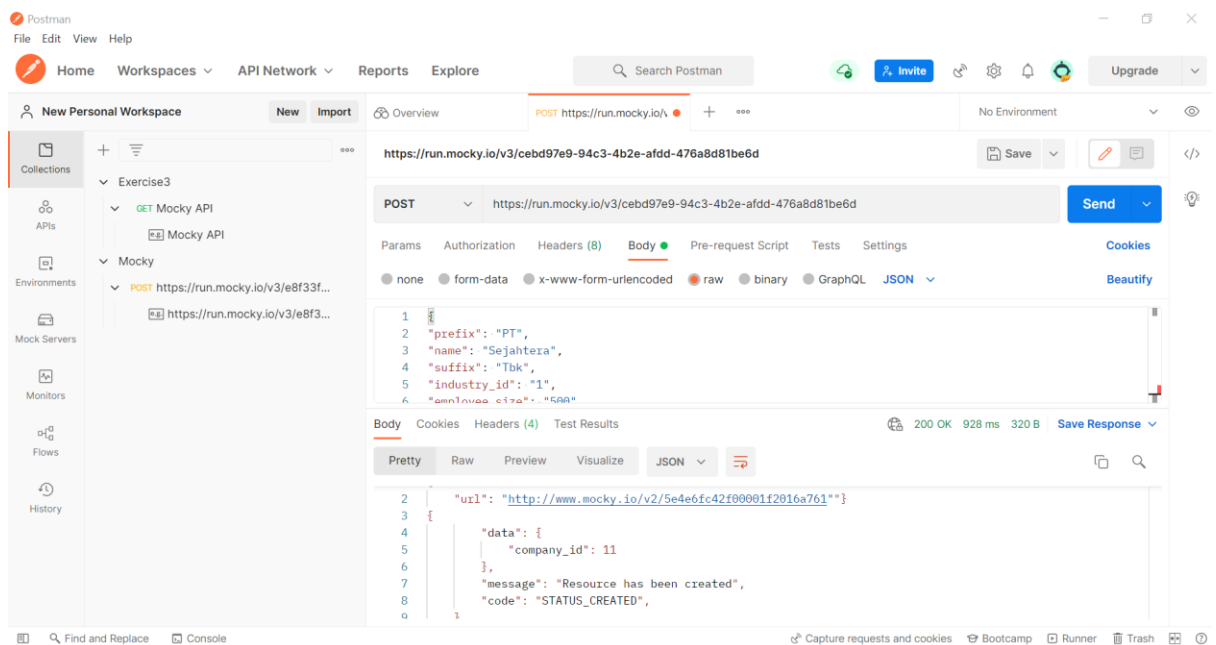

The screenshot shows the Mocky web application interface after a mock has been generated. The browser address bar shows 'designer.mocky.io/design/confirmation'. The page features a large blue banner at the bottom with the text 'Your mock is ready!' and 'Mock URL' followed by a copy icon. The URL is displayed in a white box: `https://run.mocky.io/v3/cebd97e9-94c3-4b2e-afdd-476a8d81be6d`. Below the URL, there is a link to 'Secret delete link' with a trash icon. The top section of the page includes a photo of a woman shouting into a megaphone, the title 'How to support Mocky?', and two buttons: 'Give a shout on Twitter' and 'Buy me a coffee'.

- Run Mock in the Browser

- Run Mock in the Postman

Body:

```
{
  "prefix": "PT",
  "name": "Sejahtera",
  "suffix": "Tbk",
  "industry_id": "1",
  "employee_size": "500",
  "street": "Jl.Sudirman kav. 21",
  "place": "Sudirman Tower",
  "geograph_id": 100,
  "phone": "08561290092",
}
```

Response:

```
{ "url": "http://www.mocky.io/v2/5e4e6fc42f00001f2016a761" }
{
  "data": {
    "company_id": 11
  },
  "message": "Resource has been created",
  "code": "STATUS_CREATED",
}
```

Status codes:

- 200 OK :
Indicates that the request has succeeded
- 400 Bad Request :
The request could not be understood by the server due to incorrect syntax. The client SHOULD NOT repeat the request without modifications
- 404 Not Found :
The server can not find the requested resource
- 500 Internal Server Error :
The server encountered an unexpected condition that prevented it from fulfilling the request
